ATTACHMENT C

Amendments to the Claims

This listing of claims will replace all prior versions, and listings, of claims in the application.

Claims 1 – 12 (Cancelled)

13. (Currently Amended) A method, comprising:

establishing communications between a local area network and a vehicle area network when the vehicle area network enters a communication . range of the local area network;

determining a status of the vehicle and communicating the status of the vehicle to the local area network;

predicting a time period during 'which the vehicle area network will remain within communication range of the local area network so that communications may occur, said predicting step being based at least in part on the vehicle status determined in said determining step;

selecting an appropriate file capable of being transferred within the time period predicted in said predicting step;

transferring the file between the local area network and the vehicle area network during the time period; and

additionally determining whether a remaining time period exists, the remaining time period being a period between execution of said transferring step and an end of the time period;

claims listing

if a remaining time period exits exists, selecting an additional file of a size

capable of being transferred during the remaining time period; and

additionally executing said transferring step for the additional file capable of

being transferred within the rema)ning time period;

wherein the selecting of said additional file being based at least in part on a

priority determination for prioritizing files based on a personal profile of at least

one user so that a file having the highest priority is transferred during the first

mentioned time period and a file having the second highest priority is transferred

during the remaining time period, said priority determination for prioritizing files

being based on both file importance and file size, and said time period predicting

step being based on at least one of the following: engine status, passenger status,

door status, trunk status, hood status, and fuel cap status.

Claims 14 – 17. (Cancelled)
